MFE FabLab Inventor Course

Dear Shihao Shen,

Congratulation for completing the Inventor Course of MFE FabLab! During this learning period, you've mastered the following skills:

- 2D Design
- Principle of Circuit
- 3D Design
- Project Management
- Embedded System Programming

Through mastering the skills listed above, you successfully complete your project: Autobrella. All instructors from MFE think highly of your performance and design, and we grant you the following title:

FabLab Honoured Student
